What exactly is a co-op?

A co-op is what “working together” looks like all grown up. Co-oping days are what make our school special. They are also an integral and important part in making our school run the way we feel it needs to. We are looking for committed parents that want to be a part of a community, a co-op and an incredible school.

At The Shining Stars School, “Special Day” is gold in the mind of a child. When you co-op, your child gets to have a “special day”. Not only do they get to have their mom and/or dad with them at school, but they also get to do “special” things throughout the day. When you co-op in the classroom you get to engage with your child’s teacher, build relationships with other parents, and become a part of the day’s activities and curriculum.

What is expected of me?

The Shining Stars School has many ways to be involved...

- Parent clean-up day in the Fall or Spring (initial) _____
- Parent volunteer position (initial) _____
- Attend the mandatory parent meetings (initial) _____
- Co-op nine times a year (initial) _____

These are commitments you make to the school when registering your child. We understand life happens and things come up. We are flexible and will work with you to help make any adjustments needed. However, if you cannot uphold your commitment, you will be charged \$75 on your next tuition payment.
